

# Support Research and Education at your hospital

## Contribute to the Research & Education Foundation salary donation scheme

### What is the salary donation scheme?

A monthly donation towards the Foundation automatically deducted from your salary after tax.

### What are the options?

You can sign up to a monthly donation ranging from €10 to €25:

*Monthly Donation Annual Total*

€10	€120
€15	€180
€25	€300

### How do I go about it?

To subscribe you sign a Salary Donation Form, which the Foundation will process with HSE Salaries Dept. Your pay-slip will show the contributions. An annual statement will be provided to you by the Foundation.

### PAYE Workers & tax refund

The majority of staff at SGH are PAYE workers. If you donate more than €250 to the Foundation annually, the Foundation can claim back tax from Revenue, thereby increasing the donation substantially.

Research Grant Schemes

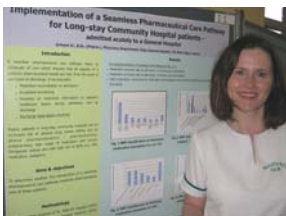

Research Skills Courses

Open Public Meetings

Annual Research Conference

Talks on medical topics

Donations to the Foundation

### Who are we?

The Sligo General Hospital Research & Education Foundation Ltd. (The Foundation) was registered as a charity in 1992.

### Our vision

The Research & Education Foundation is dedicated to the improvement of health and healthcare delivery by promoting the development of a culture of research and education at Sligo General Hospital and in its region.

### How are we funded?

We are an independent body with charity status and depend on income from donations, grants, sponsorships and commissions to meet the costs of our activities.

### What we do

- Research Grants
- Research Skills Courses
- Research Conference
- Support of the conduct of research
- Administration of the Research Ethics Committee
- Open Public Meetings
- Research Posters
- Medical Meetings

Activities & Schemes are open to ALL healthcare disciplines
